

MBG Fall 2020 Seminar Series
4pm/ Remotely via Zoom

Date: 9/4/2020
Name: Ben Cosgrove – Cornell University
Title: "Dissecting stem cell regulation in skeletal muscle regeneration and aging through single-cell transcriptomics"
Host: Andrew Grimson
Website: <https://www.bme.cornell.edu/faculty-directory/ben-cosgrove>

Date: 9/18/2020
Name: Ilana Brito – Cornell University
Title: "Protein-protein interactions between humans and their endogenous microbes"
Host: Chris Fromme
Website: <https://research.cornell.edu/researchers/ilana-l-brito>

Date: 10/2/2020
Name: Xavier Darzacq – UC Berkeley
Title: Live cells single molecule biochemistry: what can we learn by interrogating molecular interactions in their cellular context.
Host: John Lis
Website: <https://vcresearch.berkeley.edu/faculty/xavier-darzacq>

Date: 10/16/2020
Name: Bik K. Tye – Institute for Advanced Study, Hong Kong University of Science & Technology
Title: "Humanizing the Yeast Origin Recognition Complex."
Host: Eric Alani
Website: <https://life-sci.ust.hk/team/bik-kwoon-yeung-tye/>

***This seminar will be at 9 AM EST**

Date: 10/23/2020
Name: Chenxi Tian - Koch Institute for Integrative Cancer Research at MIT
Title: "Functional characterization of extracellular matrix proteins in the progression of pancreatic ductal adenocarcinoma".
Host: Kelly Liu
Website: <https://hynes-lab.mit.edu/people/current>

Date: 10/30/2020
Name:
Title:
Host:

MBG Fall 2020 Seminar Series
4pm/ Remotely via Zoom

Date: 11/6/2020
Name: Malú Gámez Tansey – Center for Translational Research in Neurodegenerative Disease, Parkinson's Foundation Research Center of Excellence, College of Medicine, University of Florida
Title:
Host: Fenghua Hu
Website: <https://ctrnd.med.ufl.edu/directory/lab-members/>

Date: 11/13/2020
Name: Alexandre Zanghellini – Arzeda
Title:
Host: Bill Brown
Website: <https://www.arzeda.com/team.html>

Date: 11/20/2020
Name: Fuchou Tang – Integrated Science Research Center, Peking University
Title: Decoding human development and diseases by single-cell functional genomics approach.
Host: Chun Han
Website: <https://icg.pku.edu.cn/en/research/faculty/269372.htm>

***This seminar will be at 9 AM EST**

Date: 12/04/2020
Names: David Sherwood – Duke University
Title: “Breaching the basement membrane: Anchor cell invasion in *C. elegans*”
Host: Kelly Liu
Website: <https://biology.duke.edu/people/david-r-sherwood>

Date: 12/11/2020
Name: Jim Hurley – UC Berkely
Title:
Host: Chris Fromme
Website: <https://membrane.berkeley.edu/>
